It is completed during each academic year that the student is enrolled. If the individual enrolls each year of the undergraduate program, there will be **four (4)** practicum.
 - b. For all graduate students, except the divinity program which requires **one hundred-twenty (120)** hours, the student must complete **eighty-four (84)** hours of mentored ministry service as noted above.
 - b. It is recommended that Christian education students pursue practical opportunities to experience assisting or interning in a classroom or educational environment.
